

Mr. Cao Hai

No. 174 Shazhengjie, Shapingba, Chongqing, 400044, China
18716638761 Email: matrix.orz@gmail.com QQ: 545322413

Objective:

To obtain a challenging position as a software R&D engineer with an emphasis on software design and development.

Education:

09/2012~07/2015 College of Computer, Graduate School of Chongqing University, M.E.

09/2007~07/2011 College of Huanggang Normal University, B.E.

Academic Main Courses:

Mathematics

Algorithm Analysis and Design

Data Mining

Pattern Recognition

English Proficiency:

Have a good command of both spoken and written English. Passed CET-4, CET-6.

Scholarships and Awards:

2012. Chongqing First-class Scholarship for graduate

2010 Nation First-class scholarship for undergraduate.

Qualification:

Familiar with programming language: C plus plus, Python.

Have developed software related with finance.

Have a good knowledge of Computer science and technology.

Have grasped Master Degree in Computer Science and technology.

Professional Research Experience

In the period of postgraduate, I have developed two programs as follows:

Trade Analysis Program:

A Web-based program written by python. It can do backtesting for stock.

the demo address is: <http://trade.justpic.org> .

Image Collaborative Retrieval System:

A web-based program written by python and c plus plus. It can increase the retrieval Recall by user's relevant response.

the demo address is: <http://justpic.duapp.com> .

personal blog's address is: <http://i.justpic.org> .

Extracurricular/Social Activities

A volunteer for Young Volunteers Association in the stage of undergraduate, and most time for programming.

Self-Evaluation

Responsible ,Be passionate with new technology.
